

Year 1 & 2 Points

Please tell us how this session could be improved or altered. Or is there an additional session we could offer you around a specific element?

I am delighted to learn that parents will be able to come in and have lunch with their child – although grandad will want to come in for mince and dumplings too!

More pauses for questions. Lunch visit would be good. Looking forward to OPAL session. What can we do to support school?

Thank you for your time, I know time is precious!

I really like the summaries that you put on seesaw about the term- perhaps some of the next level down aims and targets would be great for use to share now.

Perhaps another session to have a look at work at school – I sometimes think a comparison with what is being done at home might be good.

In the short time I got to speak to Mrs Dundas, I have taken away a quick tip to support his writing. I would love to have more opportunity to do things like this.

I think it is great to give both parents a chance to attend.

I would welcome more sessions like today to get to know school and staff. Thank You!

Just keep them up! Very informative and allows us as parents to see the inside. Keep communicating.

Would like to have regular update about the syllabus covering on weekly basis at least (via Seesaw). So that it will help parents to teach at home rather than reading only the book which is in the reading folder every day. Thanks once again for the session.

More info on how to help at home

Send sessions regarding additional opportunities such as Salt etc.

It would be good to have the option to attend a shorter session on a specific topic in the future as 2 hours out of work can be difficult to organise.

Session was great

If the sessions are about specific issues, we can prep questions beforehand. Might not be possible but notes from sessions?

Yearly sessions would be good to go over further years curriculum and any other appropriate points for each year group. Thank you!

It was a really great session.

All topics covered

No. Main issues covered.

I think looking back I wish I had taken notes to relate back to my wife.

Can't always get time off to attend. Some videos with content would be great.

More time to talk in more depth – Eg mixed classes/equal opportunities.

I really enjoyed this session and I don't really think there was much to add. Thank you.

We covered the curriculum; I'd like to understand how the school help to develop their personal and social skills. Including managing mental health.

I would love to see different events in school. For example observing morning assembly or lunch time. And I loved the OPAL event and would love to do that again.

More time in class with the children especially if you have multiple children.

More time to get answers to questions.

More time, However if they were more frequent as discussed this may not be an issue.

More sessions like this so parents questions can be answered and kept up to date.
